

CAHU PAC One Minute Message

CAHU *California's Health Benefit Specialists*

Chuck Trogdon
VP of PAC

Greetings CAHU PAC Chairs & Chapter Presidents:

The following message can be used during your local chapter meetings in order to solicit CAHU PAC Funds

January 2010 - One Minute Message

The Eye of the Hurricane

With most hurricanes there usually is an “eye”, a calmness that appears after the first surge. It’s a time to take a breath, pick up the damage and then get ready for the final storm surge.

The country, our association and our PAC are all in the eye of the storm. It’s a time to reflect on what happened, clean up the damage and then prepare for the next surge. The Health Care Reform Hurricane just missed us. We were hit, damage was done, but we have time to prepare for the next push and fortunately there was not a great deal of loss...yet.

There is surely more to come and we need to be prepared. We need to stay diligent in our fight to preserve the role of the agent. If we stop now we will surely be swept up in the final phase of this legislation. Don’t be fooled into thinking this is over because it’s not. Not by a long shot.

Take a breath, gather your thoughts and consider what you can do to keep us on track to keep the message in front of the state legislators as to the role of the agent. We need your financial support as much as ever.

Can you believe that only 13% of our association members support our PAC? That means 87% do not support the only PAC that is in existence to communicate to all legislators the Role of the Agent in the Health Care Insurance puzzle. We need everyone on board and that means at least a \$21 per month contribution to our state PAC from every single member.

It’s easy to contribute. Go to www.cahupac.org and start today.
