

CAHU PAC One Minute Message

CAHU *California's Health Benefit Specialists*

Chuck Trogdon
VP of PAC

Greetings CAHU PAC Chairs & Chapter Presidents:

The following message can be used during your local chapter meetings in order to solicit CAHU PAC Funds

March 2010 - One Minute Message

If you think it's over.....you need to re-think your position.

So if you are one of the silent majorities in our association and think that we have put Health Care Reform to bed for now.... you need to re-think your position.

If you think that you got away without making a PAC commitment and now the dust is settling.... you need to re-think your position.

If you think you can stop your PAC contribution because Health Care Reform is dead... you need to re-think your position.

If you think that we are in the middle of a battle and we face more pressure to safeguard our livelihood,... you are right.

If you think now is the time to get involved in supporting our association, the only association who fights for the role of the agent,... you are right.

We need your participation in the CAHU PAC more now than ever before. No more waiting for someone else to carry the load. We all need to do our part. Committing to a CAHU PAC contribution of as little as \$20 a month makes you a part of the solution.

It's easy to contribute. Go to www.cahupac.org and start today.
